**This training is provided Debbie Martin, Jay Trost,  
Josh Byrum and Charmaine Roberts (members of  
the OJDDA Training Staff)**

The goal of this training is to teach Juvenile Counselors/Probation Officers how to apply the principles of effective intervention to community supervision practices. The training teaches officers how to use the EPICS model to target higher risk youths and their criminogenic needs using cognitive-behavioral interventions and core correctional practices. Examples of cognitive-behavioral interventions include structured skill building and cognitive restructuring. Examples of core correctional practices include relationship skills, teaching skills, problem-solving, and effective reinforcement and disapproval.

- Learn, understand, and be able to apply the principles of effective intervention
- Learn and be able to implement the EPICS model
- Learn and understand cognitive behavioral interventions
- Learn and understand key core correctional practices and how to implement specific cognitive behavioral intervention tools
  - Relationship skills
  - Structured skill building
  - Effective reinforcement, disapproval, and use of authority
  - Problem-solving
  - Cognitive Restructuring
- Learn how to improve work with families
